

St. Mary's County
Museum Division

2008
ANNUAL REPORT

St. Mary's County Board of Commissioners

Francis Jack Russell, President, Kenneth R. Dement, Lawrence D. Jarboe, Thomas A. Mattingly, Sr., Daniel H. Raley

Mission Statement

The St. Mary's County Museum Division was instituted by the St. Mary's County Board of Commissioners to collect, preserve, research and interpret the historic sites and artifacts that illustrate the natural and cultural histories of St. Clement's Island and the Potomac River, the Piney Point Lighthouse and the Chesapeake Bay, and the Drayden African American and Charlotte Hall schoolhouses.

With this as its charter, the Museum Division serves as a resource, liaison and community advocate for all St. Mary's County public and private cultural assets.

T*his annual report* represents the combined efforts of all of the Museum Division staff and expresses our deep appreciation to the many individuals and groups in our community who support our work. Here, we document our physical assets and highlight our 2008 programs, and pay tribute to the individuals, businesses and community partners who helped us to achieve those goals. We've done our best to identify each and every one of you; please let us know if there are any omissions and forgive us for them.

We hope you will feel ownership in this institution and its programs, exhibits, and preservation projects. We will maintain a tradition of regularly reporting back to you about the return on your investment in the St. Mary's County Museum Division.

Funding for the 2008 annual report was provided by the Friends of the St. Clement's Island and Piney Point Museums.

Overview of Facilities

The St. Mary's County Museum Division manages 94 acres of property and 4 historic sites, including: St. Clement's Island Museum and the Charlotte Hall Schoolhouse; the Piney Point Lighthouse, Museum and Historic Park; the Drayden African American Schoolhouse; and the U-1105 Underwater Submarine Shipwreck Preserve near Piney Point Park. The Museum Division also assists with the monitoring and maintenance of St. Clement's Island State Park.

Also in the Museum Division's care are:

- 6 historic buildings including the Piney Point Lighthouse; Piney Point Lighthouse Keeper's Quarters; the Piney Point Lighthouse Fuel Building; the 1943 U.S. Navy Workshop Building; the Drayden African American Schoolhouse; and the Charlotte Hall Schoolhouse
