DECISION ON PROPOSED ZONING TEXT AMENDMENT TO MODIFY USE TYPE A, DISTILLERY, TO ALLOW TOURS, PRODUCT SAMPLING, RETAIL SALES AND EVENTS

Present: Yvonne Chaillet, Zoning Administrator, Dept. of Land Use and Growth Management
Phil Shire, Director, Dept. of Land Use and Growth Management
A Public Hearing was held on January 8, 2013. There was no public testimony during the hearing or the following 10-day open comment period. During the hearing, the County Attorney advised that the requirement in the RPD to cultivate grain or fruit in St. Mary’s County was not required by Article 2B of the Annotated Code of Maryland and therefore must be deleted. Staff revised the proposed text amendment deleting RPD limitations originally stating that the owner or operator of the facility shall cultivate grain or fruit on site or on other land located in St. Mary’s County and the requirement that no more than 27,000 gallons of distilled spirits can be produced per year. The ordinance now aligns exactly with what the state allows at a distillery.

Commissioner Morgan reiterated that in the revised amendment the crops do not have to be grown locally and there is no limit to the number of gallons that can be produced at a distillery in St. Mary’s County and expressed concern that a major distillery like Jim Beam could come to the County.

Commissioner Morris moved, seconded by Commissioner Jones, (1) to amend the draft considered at the public hearing on January 8, 2013, by deleting Section 51.3.12a(6) and (2) that the proposed amendment of Schedule 50.4, Section 51.3, and Chapter 90 of Chapter 285 of the Code of St. Mary’s County, Maryland, to allow tours, product sampling, retail sales and temporary events at a licensed distillery be adopted. Motion carried 4-1. Commissioner Morgan voted nay.
