2. PUBLIC HEARING

DEPT. OF ECONOMIC DEVELOPMENT - New and Expanding Business Property Tax Credit Incentive

Commissioner President Guy opened the public hearing at 9:10 am.

Present: Chris Kaselemis

The New and Expanding Business Property Tax Credit Incentive will provide real or personal property tax credits for firms that create ten or more full-time jobs in an industry targeted for expanding by the St. Mary's County Economic Development Commission. The EDC approved targeting the Trade Clusters (Defense, Cyber Security, Aerospace and Aviation, Unmanned and Autonomous Systems, Agriculture, Aquaculture, Technology, Manufacturing); Location Specific Business (retail, local service establishments and tourism-related businesses will operate in a geographic location where the County is seeking investment); and, Underserved Markets (businesses considering locating in the Lexington Park or Leonardtown development district, the Town of Leonardtown or a town center that will provide a service or product in an underserved...
location or fill a gap in service for residents living in the area. The Dept. of Economic Development has determined a method for calculating the property tax credit that is based on the number of jobs created and whether or not a capital investment will be made.

Commissioner Guy opened the public hearing for public comments. There were no individuals wishing to speak therefore, Commissioner Guy noted that the record would remain open for public comment for an additional seven days and closed the public hearing 9:13 am.

11. PUBLIC HEARING - CHESAPEAKE BUILDING, 41770 BALDRIDGE ST., LEONARDTOWN

DEPT. OF LAND USE AND GROWTH MANAGEMENT - Lexington Park Development District Master Plan Land Use Map Corrections and Adoption of Proposed Zoning

Commissioner President Guy opened the public hearing at 6:30 pm.

Present: Bill Hunt, Acting Director

The Lexington Park Development District Master Plan (LPDDMP) was adopted February 9, 2016 by the Commissioners upon recommendation from the Planning Commission. Since plan adoption, a discrepancy between the Plan's land use maps and proposed zoning map was identified on a specific parcel which was subject to a development review application for tax map 51, grid 13. The land use maps illustrate Low-density Residential use for this area while the proposed zoning for the same parcel is Mixed-use Medium Intensity (MXM). This discrepancy carries forward from the 2010 County Comprehensive Plan. The zoning, which has been in place since at least 2002, was Corridor Mixed Use (CMX). The CMX zoning was not changed to be consistent with the land use adopted in the 2010 Plan. Maryland law requires that there be consistency between land use and zoning. On January 23, 2017, the Planning Commission reviewed the land use and zoning inconsistency in the 2016 LPDDMP and recommended that the land use map be amended and the land use be changed to Mixed-use Medium Intensity to be consistent with the proposed zoning.

Commissioner Guy opened the public hearing for public comments.
