DEPT. OF LAND USE & GROWTH MANAGEMENT: DECISION ON PROPOSED TEXT AMENDMENT TO ALLOW ELECTRONIC, CHANGEABLE COPY SIGNS FOR ON-PREMISE ADVERTISING

Present: Derick Berlage, Director
         Phil Shire, Deputy Director
         Yvonne Chailliet, Planner/Zoning Administrator
The BOCC Public Hearing was held May 12, 2009. Citing sign proliferation and safety concerns, one citizen provided testimony opposing the proposed text amendment. During the 10-day open record period, staff received written comments from Tom Hodges, President of Tom Hodges Auto Sales, Inc. in support of the proposed text amendment.

Ms. Chaillet stated that since the public hearing, a substitution clause (Section 65.3.4, paragraph i.) was added to the proposed text amendment in response to Board discussion and comments provided by Mr. David Weiskopf, Deputy County Attorney, at the BOCC public hearing, and in support of the Supreme Court’s decision regarding “content neutral” signage.

Ms. Chaillet clarified that the text amendment provides for one freestanding, on-premise electronic changeable copy sign in the Development Districts, Village Centers, and Town Centers only and reviewed each of the supporting requirements outlined in the draft ordinance. Electronic changeable copy signs will not be allowed in the Rural Preservation District (RPD) and can’t be used to replace existing “static” signs in the RPD. Ms. Chaillet also reviewed language in the text amendment relative to nonprofit and civic organizations.

Discussion ensued regarding enforceability, fairness, and concern for sign proliferation.

**Commissioner Jarboe moved to deny the proposed Zoning Ordinance Text Amendment to allow electronic changeable copy signs.** The motion was not seconded.

**Commissioner Raley moved, seconded by Commissioner Mattingly, that with regards to the proposed text amendment to Chapters 65 and 90 of the Zoning Ordinance to allow electronic, changeable signs for on-premise advertising, to delay the vote until the next Board of County Commissioners’ regular meeting.** Motion carried 4-1 (Commissioner Jarboe voted nay).

**DEPT. OF LAND USE & GROWTH MANAGEMENT: DECISION ON PROPOSED TEXT AMENDMENT TO ALLOW OFF-SITE ADVERTISING FOR THE SALE OF RESIDENTIAL PROPERTY**

Present: Derick Berlage, Director  
Phil Shire, Deputy Director  
Yvonne Chaillet, Planner/Zoning Administrator

The BOCC Public Hearing (PH) was held May 12, 2009. Testimony was provided by five citizens at the PH. No additional comments were received during the subsequent 10-day open record period. A letter of support was received from the So. MD Association of Realtors after the open record period expired. Ms. Chaillet stated there have been no changes in the draft ordinance; i.e., it is the same version as presented at the PH.
The proposed text amendment allows no more than three off-site directional signs within five miles of the advertised property and contains a sunset clause terminating the sub-paragraph from the zoning ordinance on June 30, 2010. The zoning ordinance currently allows one on-site sign and addresses open house temporary signage.

Commissioner Dement suggested reducing the limit for off-site directional signs from three to one. Commissioner Jarboe suggested working with the Chamber of Commerce and the Realtors Association to have a kiosk workstation at the Visitor’s Center to view information about listed properties in the County.

Commissioner Dement moved, seconded by Commissioner Mattingly, to approve the proposed Zoning Ordinance Text Amendment to allow off-site directional signs for the sale of residential property, effective June 9, 2009, contingent upon changing the limit number for off-site signs from three to one in Paragraph (4) (a). Motion carried 5-0.

Commissioner Mattingly moved, seconded by Commissioner Dement, to authorize the Library to make such revisions to the application as might be necessary, subject to review and approval by the County Administrator and the Chief Financial Officer, as long as such changes do not alter the project costs or increase the County’s share of costs by year, as reflected in the capital budget. Motion carried 5-0.

Planning Commission Chair, Steve Reeves, opened the Planning Commission meeting at 6:30 PM. Following several Planning Commission agenda items, Chairman Reeves turned the meeting over to Commissioner President Jack Russell to conduct the joint public hearing.

Commissioner President Russell noted that the Board of County Commissioners’ meeting was back in session and would take up one item of business before opening the joint public hearing.

**METROPOLITAN COMMISSION TASK FORCE APPOINTMENT**

**Commissioner Dement moved, seconded by Commissioner Raley, to appoint James Spence to the Metropolitan Commission Task Force. Motion carried 4-0.**

**JOINT PUBLIC HEARING**

Commissioner President Russell opened the Joint Public Hearing at approximately 6:35 pm and stated the purpose of the public hearing is to consider and receive public comment on proposed text amendments to allow for the extension of time limits imposed by the Comprehensive Zoning Ordinance (CZO) or the Subdivision Ordinance.

Mr. Jackman announced that notice of the public hearing was advertised in the May 6 and 13, 2009 editions of the Enterprise newspaper. Information was also posted on the County’s website and available at the Public Information Office and the Libraries. The proposed amendments were presented to the BOCC on April 28, 2009.
Mr. Jackman reviewed the proposed amendments, as presented in the Public Hearing Staff Report, dated May 18, 2009. The proposed amendments add language to support extending the validity period of approved projects that expire between January 1, 2009, and December 31, 2010, for an additional two years, at the discretion of the Planning Director.

Mr. Schaller provided background and rationale for the proposed Text Amendments relative to the economic slowdown. The number of County permits issued by LU&GM is down by 25%, and residential construction is off by 50% compared to this time last year.

Mr. Schaller stressed the importance of having projects ready to begin construction in conjunction with an economic recovery. Mr. Schaller referred to a letter from the Maryland National Capital Building Industry Association (BIA), dated March 24, 2009, requesting relief for approved projects, building permits, and site plans.

Mr. Shire reviewed Attachment 1 of the Public Hearing Staff Report summarizing relevant approval limits for the Department of Public Works and Transportation (DPW&T), St. Mary’s County Health Department, LU&GM, Soil Conservation District (SCD), and the State Highway Administration (SHA) and the Analysis Section, covering the current permit and approval limitations contained in the CZO and the Subdivision Ordinance. Mr. Shire added that he has received numerous phone calls and emails indicating the need is widespread, and that there are some relevant projects dating back to 2008.

Ms. McNeill questioned the status of HB (House Bill) 921 that recommended extending the expiration dates of construction or development permits approved between January 1, 2008 through June 30, 2010, and page 5, line 4 (D), that states the beginning period starts on January 1, 2008. Ms. Christy Chesser, County Attorney, responded that the County enacts and maintains its own zoning ordinance and that legislation as referenced in HB 921 is intended for those state permits that the County participates in pursuant to State regulations.

Commissioner Raley questioned if the period should include 2008. Mr. Shire said he will distribute a list of relevant 2008 projects to the Commissioners within the 10-day open record period. Referencing the BIA letter, Commissioner Russell questioned the request to defer impact fees, fees in lieu regarding TDRs (Transferable Development Rights), and APF (Adequate Public Facility) fees, and the impact that deferral of fees would have on the FY2010 budget. Mr. Shire responded that discussions have taken place and it was communicated to BIA that those deferrals could not be accommodated and are not contained in the draft text amendment.

Commissioner President Russell opened the meeting for public testimony at 6:50 PM.
Public Testimony

F. Hamer Campbell, Jr., Dir. of Government Affairs, Maryland National Capital Building Industry Association; 1738 Elton Rd. Suite #200, Silver Spring, MD 20903

Mr. Campbell provided testimony in support of the two proposed text amendments. Mr. Campbell clarified HB 921 was the original legislation and that Senate Bill 958 is actually the Bill that passed.

Mr. Campbell said the referenced Maryland National Capital Building Industry Association letter was provided to all of the association’s jurisdictions; i.e., Montgomery, Prince Georges, St. Mary’s and Charles Counties and all have responded that fees cannot be deferred as they are a necessary source of revenue. Mr. Campbell said the legislation helps his industry and helps those seeking a home. He said they are moving ahead with legislation in the other counties mentioned. Relative to association membership, there once were 750 firms, now there’s 600. He cautioned that two years may not be long enough as he may need to come back in another year and a half to request additional extensions. Mr. Campbell added that he was there on behalf of Guy Curley, VP, BIA, who could not attend the meeting.

Tom Farasy, President, Maryland National Capital Building Industry Association
Terra Verde Comm., 3044 Browstone Ct., Burtonsville, MD 20866

Mr. Farasy provided testimony in support of the proposed text amendments. He said this economic recovery will be different than what was experienced in the mid-70’s and early 90’s -- not marked by significant price increases. He stressed the importance of the County putting measures in place to encourage home building and hiring workers when the economy recovers versus reinstating plans. Mr. Farasy said the amendments send an important message to lenders and capital markets; i.e., that St. Mary’s is a place where investment is encouraged, its leaders understand the current economics, and that the County puts measures in place to protect investment made in its County.

Robin Guyther, P. O. Box 502 Leonardtown, MD

Mr. Guyther said he was there in support of the amendments and that he also supports Mr. Shire’s proposal to back-up the start date to December 1st and that October is fine with him.

Paula Martino, 844 Old Leonardtown Rd., Hughesville, MD (Government Affairs Director, Southern MD Association of Realtors) Ms. Martino said that she was in attendance as a show of support for the proposed amendments.

A copy of written testimony in support of the proposed amendments, a letter dated May 26, 2009 from Richard A. Miller, Treasurer, H.W. Miller & Sons, Inc., was provided to the Recorder to be included in the public hearing record.
Commissioner President Russell closed the public hearing at 7:00 PM and set the ten day open record period.

ADJOURNMENT

Commissioner Dement moved, seconded by Commissioner Jarboe, to adjourn the meeting of the Board of County Commissioners. Motion carried 4-0.
